

MOSAIC

Employment Recognition: VCH

Khairunnissa Rhemtulla,
Regional Manager, Learning and Career
Development, accepted the award on
behalf of Vancouver Coastal Health.

This award recognizes their efforts in
supporting health care professionals to
transition into the BC Healthcare system.

It can take a great deal of effort for
immigrants to become integrated into the
B.C. healthcare system. The program provides an opportunity to fill in the gaps between their
international training and B.C. programs.

Khairunnissa Rhemtulla expressed thanks on behalf of Vancouver Coastal Health.
